Welcome back to 2010! MST hope you all enjoyed a happy and safe break and are ready for another year of exciting Motor sport!
We once again, say thank you to all those officials who give up their valuable time to officialise at events around the state. Whether it be circuit, rally, motorkhana or drifting! Without your support for the more local events none of these events would happen. Thank you.

2010 will also see Symmons Plains celebrate it's *50th* anniversary. Celebrations will be included in the Shannons Nationals Meeting **April 9th – 11th**. The V8's are returning to Symmons on **November 5th – 7th**. MST also organise the officials required for the Tasmanian Super Series (TSS) rounds organised by HSCC & MGCCT.

MG Car Club Notes ...

Officials are being called for the Tasmanian Super Series (TSS) rounds at Symmons Plains Race Raceway

TSS1 **February 14th 2010**
TSS3 **May 16th 2010**
TSS4 **August 22nd 2010**

Hope all officials had a good and happy and well rested break over the Christmas and New Year period. On behalf of the MG Car Club Race Committee I would like to thank all those officials that supported our race meetings at Symmons Plains in 2009 and look forward to your support again this year. If there are any ways that we can make your roles or system better the committee is always open to suggestions. Contact any of the committee members or bjzuber@bigpond.net.au

Our committee this year consists of Kevin Knight, Bronwyn Zuber (Zube), Ian Wade, Bruce Hills and Dennis Burgess. We are hoping for good fields this year. Targa classes have had a name change to Sports GT A, B and C.

After the Historic Race Meeting at Baskerville last year we have had a surge of interest in Historic Regularity. The Historic Meeting held in Sept 2009 was hugely successful. This will now become an annual event. Keep **October 15th – 17th** in your diary
Zube (Bronwyn Zuber)
Event Secretary.

MST Officials Portal has arrived!

The Motorsports Tas Officials Co-ordinator will be implementing a new system for officials availability in 2010, utilising the facilities to be available on the new, updated MST website. Officials will be able to check the events calendar, read newsletters, update their details, indicate availability for race meetings and give feedback via the site, dispensing with the need and significant time and costs to send out so much paperwork. Information sheets will still be mailed to officials the week before an event. Officials who do not have email and/or Internet access will still receive information and forms via mail. If you have email it will be helpful to let me know asap. Check it out at:
